THE PART NOBODY EXPLAINS

*you were pre-
approved.*

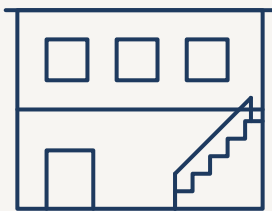

the building wasn't.

since august 3, 2026, banks check the building's books on almost every regular condo loan... **the ordinary kind, not FHA or VA.**

01 • THE SAVINGS ACCOUNT

i open the budget
before i look at the
balcony.

i'm looking for one thing: the
savings account. 10% of the
building's budget today, 15%
for loans dated january 4, 2027
or later.

floor today

10%

from jan 4, 2027

02 · TWELVE MONTHS OF MEETING NOTES

somewhere
around page
four:

“roof discussed.”

that’s a surprise bill, split
between every owner. it was
in the notes months before it
hits your mailbox.

03 • THE BUILDING'S OWN INSURANCE

\$50K

if your share of one
claim goes over
\$50,000... the loan
stops.

and the policy has to cover a full
rebuild.

04 • WHO'S BEHIND ON DUES

15%

or more of units 60+ days behind on dues... and no bank lends on the building. yours included.

you can pay yours perfectly, on time, every month. it doesn't change the answer.
