Monday, April 28th: The Cost of Waiting

Another Monday. Another week thinking about making that change... but maybe putting it off? "Next week," "Next month," "When things calm down..."

Sound familiar?

Here's the real cost of waiting for the 'perfect time' (hint: it never arrives):

- Lost Momentum: Every day you wait, inertia gets stronger. Starting gets harder.
- Compounded Frustration: That feeling of being stuck, misaligned? It doesn't just stay static; it often grows.
- Missed Opportunity: What could you build, achieve, or feel in the next 30 days if you started now? Waiting delays those results.

Transformation doesn't start when conditions are perfect. It starts when you make the BRAVE CHOICE to act *despite* imperfection.

The Fitness Challenge starts next Monday, May 5th. It's designed to break inertia and build momentum, using the physical as the gateway.

What's *one* thing you've been putting off that you could take the first small step on TODAY? 🙌

Stop waiting. Start doing. 🦊

That change you want? That energy you crave? That alignment you're seeking?

It doesn't happen 'later'. It happens when you make the BRAVE CHOICE to begin, right now, exactly where you are.

Perfection is a myth. Action creates momentum.

Our Fitness Challenge kicks off May 5th – designed to help you break through inertia. Link in bio if you're done waiting.

What's ONE thing you're choosing to START today? 🦊

Tuesday, April 29th: Addressing the "Not Ready" Feeling

>>> LinkedIn Post <<<

(Optimal Time: 11:00 AM - 1:00 PM PST)

(Visual: None needed.)

Caption:

"I'm not ready yet." "I need to get X sorted first." "I'm too busy right now."

Hear these often when people consider joining a challenge or starting coaching. It *sounds* logical. But usually? It's resistance wearing a clever disguise.

Readiness isn't a feeling you wait for; it's a *decision* you make.

It's the BRAVE CHOICE to say, "Okay, things aren't perfect, I *am* busy, I *do* feel unprepared... but the cost of staying stuck is higher than the discomfort of starting."

You don't need to be 'ready'. You just need to be *willing*. Willing to show up, willing to be imperfect, willing to make the next brave choice.

The upcoming Fitness Challenge (starts May 5th!) is structured to meet you where you are, not where you think you 'should' be.

What does 'being ready' actually mean to you? Is it a real requirement, or a story

you're telling yourself?

Feeling like you're "not ready" to make that change? 🤔

Newsflash: You'll likely *never* feel 100% ready. Life doesn't pause for perfect conditions.

Readiness isn't a feeling; it's a DECISION. It's the BRAVE CHOICE to start anyway, messy and imperfect.

Stop waiting for ready. Choose willing.

Our Fitness Challenge starts May 5th – perfect place for imperfect action. Link in bio!

Wednesday, April 30th: Story of Hesitation vs. Action

>>> LinkedIn Post <<<

(Optimal Time: 8:30 AM - 10:00 AM PST)

(Visual: Authentic photo of Cooz looking relatable/thoughtful.)

Caption:

Quick story... Years back, I hesitated for MONTHS before making a big shift in my own business & health. Had all the reasons: "Not the right time," "Need more info," "What if I fail?"

Sound familiar?

That hesitation cost me time, energy, and momentum. The fear of failure kept me

stuck in a place I *knew* wasn't aligned.

Finally, I made the BRAVE CHOICE. Not because I suddenly felt fearless, but because the pain of staying stuck became greater than the fear of starting.

The first steps were clumsy. Imperfect. But taking action *created* the clarity and confidence I thought I needed *before* starting.

Don't let hesitation rob you of months (or years!). The upcoming Fitness Challenge (starts May 5th) is a structured way to choose action *now*.

When has hesitation held YOU back, and what finally pushed you to act?

Waiting for clarity before you act? 🙄 Often, it works the other way around.

ACTION creates clarity.

ACTION builds confidence.

ACTION overcomes fear.

Stop waiting. Start doing. Make the BRAVE CHOICE, even if it's small.

Our Fitness Challenge starts May 5th. Choose action. Link in bio.

What's one action you can take TODAY instead of waiting? 🙌
