

You

One easy way to kinda get to answer to this and kind of help you break this down is like I'm sure you know what you don't you know what you don't want in a client right so that we can start there and then you can kind of tell me what it is that you do want

Cooz Pt- Fitness Over Hollywood

Right

You

besides the fact that they can afford your service and that they are to the degree have some self motivation, right?

Cooz Pt- Fitness Over Hollywood

Yes So the syphilis way, and I think this is every coaches dream but this experience with Kenny is kinda reinforcing it. I want people who will just shut the fuck up and listen to what I say.

You

Yeah

Cooz Pt- Fitness Over Hollywood

Right so What that looks like completely I don't know because it varies. Excellent right. They're obviously needs to be a certain level of self

You

Yeah

Cooz Pt- Fitness Over Hollywood

motivation and certain level of. Willingness to not have their handheld I truly understand that I am a guide and they just need to listen to the guide and the results are essentially guaranteed right that's part of the reason I know I have had as much success with Cody is because I know that I can go and take the action it makes the brave voices and choose hard when I need to because I'm not determined to death focus game result, right

You

Right

Cooz Pt- Fitness Over Hollywood

I know that's kind of a generic answer, but

You

Yeah, that's OK. It's an answer. It gets us closer to where we're trying to go so that's a start.

Cooz Pt- Fitness Over Hollywood

So I think you know I would love to if we're gonna talk to graphics and stuff. I personally prefer men over women.

You

OK, yeah something like you keep it simple straightforward that and then that helps out a lot right cause how we talk

Cooz Pt- Fitness Over Hollywood

Yes

You

to cause once this is the one thing the only reason why I'm going through this exercise with you right now recording it so that we can refer back to it. I'm a big believer and not wasting money on ads like I'm a sense of like you don't wanna be throwing money away. It's literally burning money if we don't know what we're doing and who were targeting towards right with these ad

Cooz Pt- Fitness Over Hollywood

Right

You

platforms now you can target and find like the more you know who you're going after we could put in front of like 1000 of them like instantly right but if we like, I'm not sure I like

Cooz Pt- Fitness Over Hollywood

Right

You

that's a big differentiator right now already like men over a female that's huge. That's really big. You know I mean that

Cooz Pt- Fitness Over Hollywood

Yes

You

literally. Shifts like your client profile that I could create, you know what I'm saying so like that that's very important. That's good that gets us somewhere right like that so I don't think so much like I know so let's let's work off that right OK

Cooz Pt- Fitness Over Hollywood

Yeah OK

You

ideally you wanna work with men do you have a certain age range that you wanna work with?

Cooz Pt- Fitness Over Hollywood

So I'll give you I'll give you this. I'll give you a really easy answer. I want 30 of me.

You

Yeah OK

Cooz Pt- Fitness Over Hollywood

Right if I could find you self ambitious entrepreneur or business owners for successful professionals, who obviously want to transform probably in their 30s 40s are fine late 20s that they have the money and stuff things like that if I have a collection of men that are like me

You

Oh OK

Cooz Pt- Fitness Over Hollywood

That would be massive right

You

OK

Cooz Pt- Fitness Over Hollywood

of and the reason I say that is because I just know I possess all the call all the qualities of someone that I would wanna work with like if I knew that like I've made

You

OK

Cooz Pt- Fitness Over Hollywood

excuses or I procrastinated like I would acknowledge that because I have enough self-awareness of myself my environment, right

You

Income

Cooz Pt- Fitness Over Hollywood

But yeah, I would say you know, industry doesn't really matter to me, but

You

OK

Cooz Pt- Fitness Over Hollywood

male obviously ethnicity doesn't matter at all

You

OK

Cooz Pt- Fitness Over Hollywood

I think I don't know how specific but if they're single

You

Yeah

Cooz Pt- Fitness Over Hollywood

That would be something that I can relate to

You

That helps yeah

Cooz Pt- Fitness Over Hollywood

and I also think it'll be more to shell out the money for vanity reason so I think that could be good

You

OK

Cooz Pt- Fitness Over Hollywood

Also less sales injections, theoretically cause at the time of signing, but

You

Yeah

Cooz Pt- Fitness Over Hollywood

But it just kinda girl oriented, ambitious, driven, but sculpt driven cause that'll

You

Call

Cooz Pt- Fitness Over Hollywood

translate And people who Feel like they've kind of been stuck almost like in the restart cycle like we did the very beginning I don't know how to get out right

You

Yeah

Cooz Pt- Fitness Over Hollywood

and what they need to get out is that extra push and the extra bit of guidance for someone who is proven that they could do it but it's also just like that so the more that they can

You

OK

Cooz Pt- Fitness Over Hollywood

represent me and be like me I think that'll help so

You

OK

Cooz Pt- Fitness Over Hollywood

If you know we do that and someone's looking to lose 100 pounds because they need to. I'm happy to work with them if they fit a lot of those qualities that I'm looking for right but if it's a

dude who you got the dream of God's dream job but all of a sudden found out he gave 25 pounds and his confidence to show that he wants to lose 25 pounds to make himself feel better. That would be perfect right

You

OK

Cooz Pt- Fitness Over Hollywood

Not like ridiculous body transformations unless they really really really feel like they're a fit for the culture, but people who are looking to get results sooner rather than later, but that also are so driven by the results that they get that they want to continue continue making two goals with me right so I lose the 25 pounds. I feel fucking amazing. I want apps all right cool get you some fucking ass shredded right but I think the more that they're in alignment with who I am or what I believe the likelihood that will be able to build that relationship, especially because it's virtual. And have that understanding of that message and belief of you know you gotta choose hard. You gotta make the brave choices every single day and you just gotta fucking do shit, especially if you don't wanna do it and I think you and I both know there are people who.

You

Welcome

Cooz Pt- Fitness Over Hollywood

The best people to understand that better than anyone else are high fevers and this honor and entrepreneur

You

Yeah, yeah so we're in the room yeah

Cooz Pt- Fitness Over Hollywood

so I think that would help a ton

You

Yeah, OK cool that helps out a lot. Actually, I mean like that gets us into the realms of like a lot of research because as much as like we shifted things this is where like I'm gonna hit you with some of my coaching and just kinda like giving you some of. Some some of my own intuition is coming to me right now so that I can give you some so that we can really set the foundation moving for tonight right cause I filled the momentum building up and I don't want to keep it pushed down anymore like kinda like not let it out so when it comes, especially where you're at

Cooz Pt- Fitness Over Hollywood

Yeah

You

Because this is gonna also help me stay like grounded in like not getting lost in the weed cause doing a lot of research you can get lost right and then things could sound very

Cooz Pt- Fitness Over Hollywood

Right

You

convincing because we're not doing some of the stuff together when you're reading it and I'm reading it even that time delay before when even the time delay for when I send you stuff and then you read it causes a gap that can you know distort things a little bit right in the sense of light so that's why I'm trying to make sure after

Cooz Pt- Fitness Over Hollywood

Right

You

tonight and moving forward that I have a clear foundation of what it is that you want and what you don't want right so Because when we're going fully online that does shift some of the business plans from where we were at right where then we

Cooz Pt- Fitness Over Hollywood

Great

You

literally this is where again I'm gonna be more straight up with you about it. I don't want us to chase two things right like if we're gonna chase two things this is how we can work it. We get you one to two in person clients like one or two, and we do minimal effort things towards that and we put more all of our A's in the basket of really attacking the online stuff right like we put out the organic

Cooz Pt- Fitness Over Hollywood

Right

You

content and we still do things so I kind cause especially if your influx right now which naturally sounds like the online is where we should probably focus completely if you're in flux right now and like trying to find a gym. And all that stuff is like gonna be costing you more money that you don't need it yet like you're gonna need a gym when Cory comes back right but like outside of that, you don't mean we can focus fully online. I'm gonna just say we should focus online and you don't mean let's just go online and not think about the in person stuff at all

Cooz Pt- Fitness Over Hollywood

That's that's what I wanna do yeah

You

that we got the OK

Cooz Pt- Fitness Over Hollywood

No, I don't wanna think about that all

You

perfect good let's just not do it cause I'm like why am I studying about this because that's why? Fully online dude no more focus on the impress stuff. OK perfect that helps out so much because now we can really target a little bit better but

Cooz Pt- Fitness Over Hollywood

No

You

also we don't have to worry about this. Split my Burbank only thing you know OK all right last few things I need for clarification from you with the ideal client so especially since we're focusing all online now you said you were the perfect client like you dirty if you would be great right now this is Robin gonna hit you with

Cooz Pt- Fitness Over Hollywood

Yes

You

something would you? At the time that because clearly you went through the transformation right so this is a two question one thing we have to have

Cooz Pt- Fitness Over Hollywood

Read

You

a solar on right now is what is the transformation that they're gonna get with you right I know we said the physical gateway, you know the light is still a little abstract, but if you can give me your version versus the version that would be kind of built out together and now that you kind of have time to sit with this stuff and push stuff and kind of see what works for you and what does it? If you can see it in the simplest way like what's the transformation if they go from fat to buff to start confident, you know what you mean like when you were the perfect client you feel that you were the perfect client. What was your transformation? Do you know what that was like? Where did you start and where did you go?

Cooz Pt- Fitness Over Hollywood

That's a great question yeah so It's interesting so when you ask for the simplest answer, you're not gonna get it but

You

That's fine. That's OK.

Cooz Pt- Fitness Over Hollywood

When I first started it back on my birthday in 2023 I honestly did it mostly out of curiosity because you know from my background being a football player and when we were working together fitness over Hollywood almost all of my training was focused on strength and performance right and you know fitness over Hollywood

You

Yeah

Cooz Pt- Fitness Over Hollywood

closed ended up at B&B. I was surrounded by more bodybuilders so I always shit on so many of them like train like shit and then look great but feel terrible right which I always thought was silly. And then I just kind of made a decision like what if I like tried it for like a year I did just see what happens right and that was kind of the Genesis of it and then I'm grateful that I have started it and God's perfect timing because My commitment to my fitness while I was going through hell the end of November early the end of 2023 beginning of 2024 prevented me from reaching for the bottle or sex or anything else to cope with what I was dealing with right because I became

You

Hey

Cooz Pt- Fitness Over Hollywood

obsessed and I was like that's all fucking sucks but you committed to a one year transformation and the intention was never a higher, Cody That out of nowhere and I was like oh shit this opportunity just like the coach I've ever wanted and obviously the value I've been able to get you to Garner for him as a result that only She this way He did not move the needle that much it turns my actual physical transformation he

You

Yeah

Cooz Pt- Fitness Over Hollywood

was he helped a lot because he helped me kinda learn, but I was already getting really good results doing all my own right what he helped me

You

Right

Cooz Pt- Fitness Over Hollywood

with Was staying in alignment with who I wanted to become as a person right

You

Income

Cooz Pt- Fitness Over Hollywood

and I think that's gonna be the main difference between like my experience and who I wanna work with because I don't think that many people are looking for that specific of a thing and I think that might be making the dartboard too small right so what I can't say though is when I hired Cody one of the things that he asked me in my assessment was what is your focus for our time together and the words that I chose was

You

Wake up

Cooz Pt- Fitness Over Hollywood

confidence And that's what I know you know both of us know as men understanding the Importance of physicality in the masculine energy domain like if you don't have it, you're not gonna be confident it's just it doesn't work that way people could have fake

You

Yeah

Cooz Pt- Fitness Over Hollywood

confidence, but you definitely have no confidence if you're fat and overweight and you can't move in loser and kick chicks, right so I think that will kinda be a court attendant

You

Yeah, yeah

Cooz Pt- Fitness Over Hollywood

of what I wanna do is A physical transformation is going to give you the confidence to make the brave choices to change whatever aspects of your life you so choose to make, and I think that was kind of the part of path of my journey was I was scared obviously to venture into the wild alone because I never really done it before, but because I had that self evidence of my own growth physically and I could see it in a beer that gave me the confidence to at least try changing everything else like my faith grew my relationship with myself grew obviously I grew physically in continue to grow physically Business went up and down, but so much of that is beyond our actual control right so it's just like that that that has gone, but it's let be here to knowing like exactly what I want right and what I've always

You

Yeah

Cooz Pt- Fitness Over Hollywood

said is like the journey that I've gone through Has been agony for a lot of it but the reward that is coming the other side of it. I'm starting to see like I want everyone to experience this right so that's what kinda has been like my catalyst to switch from functional strength to physical transformation was My entire life is better and it all started by committing to changing my body right and that's what I want to. That's my art. I wanna get back to the world as I know that I wanna like.

You

Make up

Cooz Pt- Fitness Over Hollywood

That's why the last call we had like I had a little bit of a conflict of like saying that like a "" life coach or anything cause it's like I've just been through shit right and I've learned a lot and I have wisdom and I want to be able to give

You

Dumb Yeah, yeah

Cooz Pt- Fitness Over Hollywood

people whatever they need from me if they're in a situation where I'm at right so

You

Hello This is where I'm gonna hit you with something real quick and this is where I'm not sure but they kind of keep us going on this for a little bit and then if you have that if you have to get off and you gotta shut it down, just let me know so I'm just trying to get some more info for you so that we can really dial this thing

Cooz Pt- Fitness Over Hollywood

Yeah Yeah

You

OK, so let's be honest with ourselves and if what you have right now like just being honest with yourself and being fully transparent with what you have right now and if you presented that to yourself, would you buy it?

Cooz Pt- Fitness Over Hollywood

If you ask me In August before everything went down no because I would say I wouldn't need it. If you asked me six months later when I was going through it absolutely

You

So we wanna talk to you so we need to talk to you That was you know you know all yet because you cause most times when you're flying high and things are all right you're not worried about shit right but what we have to get clarity on is that like if we put this in front of

Cooz Pt- Fitness Over Hollywood

Right

You

you at that time who was like struggling as soon as you read that ad and you saw this offer you like all yeah this is it like I need to that

Cooz Pt- Fitness Over Hollywood

Exactly

You

curiosity like cause like you said the pain and the stuff you're going to made you curious and then you start looking for answers and then you stumbled upon Cody, where he said something to you in his messaging or something right

Cooz Pt- Fitness Over Hollywood

Right

You

And basically like your transformation went from like to keep it simple and this is rec correct me if I'm wrong that you went from like bugging sad and miserable to confident and like thriving right like you don't mean and that can mean a lot of different things for

Cooz Pt- Fitness Over Hollywood

Right

You

people and like one of the things that we have to get concrete and clarity on more than anything it's a transformation because on online if we specially if it's just you coaching them online, they have to get this transformation. You don't mean and like without you physically being around them. There's unique challenges where like if we don't have clarity or if they don't have clarity and what the transformation supposed to look like it only makes things harder and it makes things not work right

Cooz Pt- Fitness Over Hollywood

Right

You

so I was doing research on some of these successful coaches that do only online businesses and like I'm gonna run through some of the prompts that I was able to develop through their methods to help you with some of this stuff but that's just one of things I want you to kinda think about can we still have time to? We have enough to run ads and get data? And some leads for sure but this week or if you can like kind of think about and even use the AI even help you massages out get cleared down with the transformation. Looks like right you know what I mean like try to get is clearest day like from cause. The more we can draw from that raw motion of where you were at and now where you are and communicate that to people that's just gonna make people like oh he knows where I'm at right now and he's been through it because what people are experiencing right now and the coaching space is that you don't need to certifications

you don't need on that shit. You know I mean you guys need to be able to deliver results that all people wants like people are getting burned a scam so hard from everybody that's like

Cooz Pt- Fitness Over Hollywood

Music for call Exactly

You

promising fake shit and then just giving out frameworks and ideas and concepts and no one's getting results but you don't no one transforming and That's what we're going up against right that is the landscape of the online space. Yes, you have more fish to catch, but we're dealing with some more jaded people. You know what I mean so it's like we had to make sure that they know you know your shit and that you're the right guide for the journey so sit on that if you don't have the answers for a little bit but one thing we just gotta get that transformation clarity and I mean Claude and all that stuff the stuff I gave you should help you get there and if I if somebody's prompts work well that I'm gonna run tonight I'll send it to you tomorrow and then you cook your homework is to try to like run through them and try to get clear down to transformation. But OK, cool man OK so last house check house cleaning check up thing whatever so that I can kinda get into this right now cause I'm starting to have my brain start to flow and work is I'm gonna give you the login for this thing cause it's not letting me send it out to you so I'm gonna give you my login so you can look at it and

Cooz Pt- Fitness Over Hollywood

OK

You

then just login you'll see on home and leads and then you'll be able to see her and click on it and then you can just look at all the information you can screenshot it or if I can try to screenshot it for you I'll try to do that too so you have the answers

Cooz Pt- Fitness Over Hollywood

OK

You

Yeah, because I feel this cause you can see the answers so she's like a 56 on her scorecard you mean so she's like her growth

Cooz Pt- Fitness Over Hollywood

OK

You

recognition is high so like she she's mentally prepared but all her other stuff is low like she needs that work on that stuff right so she's like a

Cooz Pt- Fitness Over Hollywood

Yes

You

50-50 in my opinion, but I'm gonna send it over to you my stuff and make sure you can login and then you can look at that tonight so that when you do reach out to her, you have something to work off of and reach out to her with like Some stuff, but other than that man, the goal is So let's be realistic on some of the timelines and stuff like that you're your cornerstone content pieces. I don't wanna rush those. I'm gonna give you first dress on Friday.

Cooz Pt- Fitness Over Hollywood

OK

You

Over the weekend take your time to sit with them. We're only gonna do your first 2 to 3 right now look over them with those need to make sure that they're polished in their on point for you because then that's the stuff that we're gonna be redirecting a lot of people to you in like leveraging OK so that's the

Cooz Pt- Fitness Over Hollywood

OK

You

cornerstone timelines Friday Content right now I'm gonna start putting all my eggs in the basket getting your ad stuff ready just keep going through as manager. I'm gonna try to find this video that's gonna it's been a little while since I've done it, but I'll find a video that can show you how to make sure your address are set up and just watch it because the last thing we need is that they're not set up right when we hit the button

Cooz Pt- Fitness Over Hollywood

Right

You

so if you can, you're only homework really is one get clarity on the transformation and your idea decline a little bit. And if you were the perfect client, write down everything that you were going through and then the changes you went through and then we can pinpoint it right

Cooz Pt- Fitness Over Hollywood

OK

You

Two is 122 is as lacking as as I it's tough because I don't have access to it to make sure the stuff is set up so just make sure it works and like go in there and make a ad don't run it and just make sure like it's linked to the proper accounts and stuff is set up right cause sometimes you're laughing when you put all that stuff we were putting all the stuff in different ads and then we can't get them launched OK

Cooz Pt- Fitness Over Hollywood

Yeah

You

But that's about it, man you have any questions for me

Cooz Pt- Fitness Over Hollywood

Are we gonna do ad on Meta and LinkedIn or just LinkedIn or just Meta?

You

I want us to stay focused on just if you can confidently tell me cause I'm I've wasted money before from lack of not understanding me, but you know what I mean in their face the ad manager, you can sit down and try to play with it and feel like if you

Cooz Pt- Fitness Over Hollywood

Yeah

You

confidently are like, yeah I can do this like manage it because I'll tell you right now. I don't have time to manage. You don't need to go in there if you give me the login and I don't have the bandwidth right now for that so if you sit down, you go through it and your leg,

Cooz Pt- Fitness Over Hollywood

Yeah

You

you can handle it then we can do both but if you can't, then, even if you feel like a little uncertainty about it, let's just stick with our real house of LinkedIn because. It again, picking one thing and doing it it's gonna be the better option in my opinion so only

Cooz Pt- Fitness Over Hollywood

OK

You

online and LinkedIn is our platform and then that's all we need to focus on right like even with the

Cooz Pt- Fitness Over Hollywood

Yes

You

Instagram post on two things like we don't even worry about that now that we're gonna stay focused on online only we're just gonna stay focused on LinkedIn. You know what I mean OK

Cooz Pt- Fitness Over Hollywood

OK

You

All right man dude thanks for your time. Thanks for your patience. I'll hit you up a little bit.

Cooz Pt- Fitness Over Hollywood

Sir OK sounds good dude
