- 1.4 Tone of voice
- 1.5 Brand values

2.0 Logo

- 2.1 Logomark
- 2.2 Logotype
- 2.3 Lockup
- 2.4 Clear space
- 2.5 Minimum sizes

3.0 Color

- 3.1 Palette
- 3.2 Combinations

4.0 Typography

- 4.1 Typeface
- 4.2 Weights
- 4.3 Type scaling

5.0 Close

About the brand — A commissioned decision object translated into a personal brand: quiet, exact, contemporary, decisive. The work should feel expensive because the thinking has been edited, not because the surface is decorated. Warm off-white canvas, near-black ink, fine graphite rules, a strict twelve-column grid, at least a third of every surface left open, and one dark recommendation per sequence. Helvetica Neue is the only face. The buyer should come away believing: "This person can reduce ambiguity without manufacturing claims."

MISSION

Stronger arguments for honest products. Farrice Cain helps established supplement and performance brands decide what the product should argue before they fund more creative: what to say, what approved proof supports it, and why the buyer should care. He does not make weak products louder, and he does not turn a fairy-dust dose into a heroic headline.

TONE OF VOICE

Practitioner Test

he only posts what he is actively doing. Not doing it → not posting it.

Word-keeper

a man's word is everything. Never manufactures urgency that does not exist.

Empathy with edge

says the thing someone actually needs to hear, even when it does not flatter him.

Cross-domain thinker

training periodization informs publishing cadence; dharma informs strategy. The insight lives at the seam.

VALUES

01

02

03

04

LOGO DESIGN

- 2.1 Logomark
- 2.2 Logotype
- 2.3 Lockup
- 2.4 Clear space
- 2.5 Minimum sizes

LOGOMARK

The mark stands alone in any context where the wordmark would compete. Reproduce in **ink on paper**, **paper on ink**, or in **accent** tones — never in outlines, gradients, or rotations.

LOGOTYPE

The wordmark is **Helvetica Neue** set in All Caps at the brand weight. Letter-spacing locked at the design value — never re-kerned.

LOCKUP

Mark + wordmark, locked. Use the full lockup at all sizes $\geq$ 50px / 0.75". Below that, fall back to the logomark alone.

CLEAR SPACE

Keep a clear margin of **1× the height of the mark** on every side. No competing graphic elements within that zone.

MINIMUM SIZES

Optimized for sizes that are not excessively small.
Mandates a minimum height of 0.75" / 50px for the full lockup. Below that, drop to the mark alone (minimum 24px / 0.35").

COLORS

- 3.1 Palette
- 3.2 Combinations

COLOR PALETTE

Paper HEX: #F3F3F0 R: 243 G: 243 B: 240 DEFAULT BACKGROUND	Accent HEX: #101010 R: 16 G: 16 B: 16 SIGNATURE EMPHASIS	Ink HEX: #101010 R: 16 G: 16 B: 16 PRIMARY TYPE & FRAMES
--	--	--

COMBINATIONS

Ink on Paper

Body text default.

Paper on Accent

Hero callout cards.

on Ink

Section dividers, dark thumbnails.

TYPOGRAPHY

- 4.1 Typeface
- 4.2 Weights
- 4.3 Type scaling

TYPEFACE

The display face is Helvetica Neue — the only face in the system — Helvetica Neue, sentence case, tight tracking, close optical leading. Pulled from Google Fonts for universal availability. Body copy uses Helvetica Neue for legibility at every size.

WEIGHTS

Display

HELVETICA NEUE

Body — 400

The quick brown fox jumps over the lazy dog.

Body — 600

The quick brown fox jumps over the lazy dog.

Body — 700

The quick brown fox jumps over the lazy dog.

TYPE SCALING

ROLE	SIZE	WEIGHT	SAMPLE
display	104px	—	DISPLAY
