

Coach Cooz: Tier 1 & 2 Deliverables (TrueCoach-Optimized)

Core Frameworks & Methodology

Before diving into the specific tier deliverables, establishing Coach Cooz's signature methodologies as the foundation for all offerings will create clear differentiation in the marketplace:

The Brave Transformation Method™ Core Concepts

1. **The Physical Gateway™** - Physical transformation as the strategic entry point for holistic change
2. **The Brave Choices Framework™** - Value-aligned actions rather than motivation
3. **The Five Domains of Transformation™** - Physical, Mental, Emotional, Relational, Spiritual
4. **The Transformation Flywheel™** - Progress in one domain fuels acceleration in others
5. **Internal-External Alignment™** - Bridging the "fulfillment gap" between success and satisfaction

These frameworks provide the intellectual property foundation that differentiates Coach Cooz from traditional fitness trainers and generic life coaches.

Tier 1: Brave Beginning Transformation (\$697/month)

THE PHYSICAL GATEWAY™ PROGRAM (12 Weeks)

Core Proposition

A strategic 12-week program designed to establish the physical foundation that unlocks momentum in all domains of life. Using Coach Cooz's Physical Gateway™ concept, clients build energy and physical capacity as the springboard for broader transformation.

TrueCoach Implementation Strategy

Maximizing TrueCoach for Tier 1

1. Create a foundational 12-week program template that can be customized
2. Set up standard habit tracking for key Physical Gateway behaviors
3. Establish consistent weekly check-in protocols using the messaging system
4. Create document templates for nutrition guidelines and weekly summaries
5. Set up metrics tracking for physical progress indicators

Maximizing TrueCoach for Tier 2

1. Develop advanced program templates with multiple training options
2. Create custom "workouts" that deliver non-physical practices
3. Implement comprehensive habit tracking across all five domains
4. Develop a resource library using the Documents feature
5. Integrate wearable data when available for recovery tracking
6. Establish more frequent touch-points via messaging

Supplementing TrueCoach Limitations

1. Use Zoom for all coaching calls (TrueCoach lacks video conferencing)
2. Create custom PDFs for the Transformation Flywheel Toolkit
3. Use external tools (Google Forms) for comprehensive assessments
4. Implement Zapier connections for automated workflows and reminders
5. Use email for more robust written communication outside platform
